- **A) What was your V&E background before attending VENIT?**

Prior to attending the VENIT program, I was a student at UCSC. I graduated in 2019 from an agricultural bachelor, a with a focus on viticulture and enology.

- **B) What was your occupation before attending VENIT?**

I was a student at Università del Sacro Cuore di Piacenza, I attended the Scienze Agrarie, e viticoltura ed enologia bachelor.

- **C) What is your current occupation?**

COVID has blocked many possibilities, but I am trying to find my luck in Valle d'Aosta. My VENIT internship allowed me to have a great experience in Valle d'Aosta, I met many interesting and smart people that have taught me a lot. I am currently working part-time on a pergola vineyard in Donnas.

- **D) How much did VENIT contribute to such a change?**

The master VENIT allowed me to increase my practical knowledge of viticulture. The 450 hour internship helped me to jump into the sector and put in practice all the theory that I had learned during the bachelor. In addition, the VENIT classes helped me review, and therefore learn and remember better, all that I had studied during the bachelor.
