

Fine-Grained Semantics for Modal Logic: Formal and Foundational Issues

Trends in Logic XVIII

Monday, September 24, 2018: room NI.010-011, via Nirone 15

9.30 - 10.30	Welcoming and registration
10.30 - 11.20	Opening lecture: Studia Logica: Past, Present, and Future <i>Jacek Malinowski</i>
11.20 - 12.00	A General Semantics for Hyperintensional Modal Logics <i>Igor Sedlar</i>
12.00 - 12.40	Connexive Logics via Relating Semantics <i>Jacek Malinowski</i>
12.40 - 14.40	Lunch
14.45 - 16.00	Keynote lecture: Rebuilding Epistemic Logic <i>Sergei Artemov</i>
16.00 - 16.20	Coffee break
16.20 - 17.00	Hyperintensional Logic of Responsibility <i>Daniela Glavaničová and Matteo Pascucci</i>
17.00 - 17.40	Why Reconsider Explicit Knowledge? Epistemological Foundations <i>Claudia Fernández-Fernández</i>

Tuesday, September 25, 2018: room NI.111-112, via Nirone 15

9.30 - 10.45	Keynote lecture: Learning Probabilities <i>Soroush Rafiee Rad</i>
10.45 - 11.20	Coffee break
11.20 - 12.00	All-Things-Considered Ought via Reasons in Justification Logic <i>Federico L. G. Faroldi and Tudor Protopopescu</i>
12.00 - 12.40	Pragmatic Logics for Hypotheses <i>Massimiliano Carrara, Daniele Chiffi and Ciro De Florio</i>
12.40 - 14.40	Lunch
14.40 - 15.20	Introducing Causality in Stit Logic <i>Alexandru Baltag, Ilaria Canavotto and Sonja Smets</i>
15.20 - 16.00	Against Individualism: An Impossibility Result <i>Allard Tamminga, Hein Duijf and Frederik Van De Putte</i>
16.00 - 16.20	Coffee break
16.20 - 17.00	A Generalization of Neighborhood Semantics <i>Vit Puncochar and Igor Sedlar</i>
17.00 - 17.40	The Semantics of Negative Trust <i>Giuseppe Primiero</i>
19.30 -	Conference dinner

Wednesday, September 26, 2018: room NI.111-112, via Nirone 15

9.30 - 10.45	Keynote lecture: HYPE: A System of Hyperintensional Logic <i>Hannes Leitgeb</i>
10.45 - 11.20	Coffee break
11.20 - 12.00	Tableaux for Exact Entailment <i>Johannes Korbmacher</i>
12.00 - 12.40	Monadic Situation Semantics for Hyperintensionality <i>Luke Burke</i>
12.40 - 14.40	Lunch
14.40 - 15.20	Simply Fine: The Analytic Way to a Belief Revision Theory <i>Roberto Ciuni</i>
15.20 - 16.00	Truthmaker Semantics for the Logic of Imagination <i>Pierre Saint-Germier</i>
16.00 - 16.20	Coffee break
16.20 - 17.00	Subject Matter: A Modest Proposal <i>Matteo Plebani and Giuseppe Spolaore</i>
17.00 - 17.40	Truthmakers and Objectives <i>Maciej Sendłak</i>

Thursday, September 27, 2018: room C.015, via Carducci 28/30

9.30 - 10.45	Keynote lecture: Completeness of Logic of Information and Common Belief <i>Marta Bílková</i>
10.45 - 11.20	Coffee break
11.20 - 12.00	Non-deterministic Modal Semantics without Possible Worlds <i>Daniel Skurt and Hitoshi Omori</i>
12.00 - 12.40	The Logic of Laboratory Reports <i>Ondrej Majer</i>
12.40 - 14.40	Lunch
14.40 - 15.20	Fine-graining Analytic Impossibilities by Means of Structured Hyperintensions <i>Bjørn Jespersen and Marie Duži</i>
15.20 - 15.40	Closing address
